460th Street project: Apex Engineering will schedule a preconstruction meeting with Central Specialties, Hobart Township, and Edna Township. Meeting is tentatively set for Tuesday, August 18th. Ditch work is scheduled to start the end of the week of August 10.

The noncompliant mail box at 50676 W Lake Seven Rd has not been removed as of yet. A letter was sent out on July 15th giving the owner 60 days to correct the mailbox. Supervisor Ehlke will check on progress the end of next week.

Ehlke stated that the area where Carr's Tree Service sprayed the section of Adams Point Rd where the brush was removed. This will have to be resprayed for 3 to 5 years to fully reclaim the right-of-way.

The board discussed the spraying of noxious weed in the right-of-way of township roads. It was decided to have LM Road Service spray the ditched on the east side of Hobart Township.

Since there was no further business to come before the Board, Chairman Hoffmann adjourned the meeting.

Respectfully Submitted
